SEPTEMBER 2008

SCHOLARSHIPS AWARDED

The Foothills Rural Association in conjunction with the Blue Ribbon Circle has awarded a total of \$3000 in scholarships to residents of the Foothills. The Jess Kronquist Scholarship Committee interviewed the applicants at the Community Center, Friday evening, May 16, 2008.

Committee members were Holly Weiler, Amanda Tainio, Mike Britton, Carol Stoll, Bonnie Carol and Faye Krenkel.

Choosing from the many deserving applicants this year was very difficult, but these individuals exhibit the best of our community and are very worthy of financial assistance. We can be very proud of these students among us and proud, too, that we in the Foothills may assist them in achieving their goals.

Spring Clean-up

April is FRA's traditional time for a spring cleaning of the grounds and community building. This year, due to the unseasonably cold and snowy day, efforts were concentrated on the Community Center. The storage room and kitchen areas were cleaned and organized;

insulation removed and replaced; windows, lights and walls all were scrubbed shiny; old, out dated items were donated to a fund raiser. Both bathrooms were updated with new paint, wallpaper borders and pictures for that homey touch. Lunch was potluck and a very welcomed kettle of hot soup! On your next visit, please take a minute and check out all the improvements in our Community Center.

YOUTH COMMITTEE

Earn Community Service Credit as you work with your local community and wonderful neighbors!

The FRA board is seeking individuals to be part of the youth committee. The requirements are simple: attend and participate in monthly board meetings, volunteer at one FRA function during the year. Plus attend and assist in the planning and coordinating of the Foothills Family Christmas Party on December 5th.

COMMUNITY YARD SALE

By Kelly Pefley

The late July Community Yard sale was a success for some, and a day of getting to know the neighbors for others. A few participants had the awesome idea of positioning people in the front of the Community Center, in the shade, so the presence of people would draw in customers (being in the shade would have been a great relief from the heat that day!). A few people continued to sell their wares on Sunday hoping for more business and opportunities to get rid of unwanted or unnecessary items. The old community piano was sold for \$100 to a family whose mother had played when she was a little girl, so it had some sentimental value to them. They will repair it and have their kids begin piano lessons when it is ready to be used. All in all, the community yard sale was successful and could become an annual event.

COMMUNITY CENTER PIANO

By Ashley Potter

Sandra (McLaughlin) Perry purchased the Community Center piano and was very generous with her donation to the Community Center. Sandra attended the Foothills School (now the Community Center Building) from 1951 to 1957, through her 6th grade year. The students were then sent to Millwood for 7th and 8th grades; 9th grade at West Valley; 10th grade at Otis Orchards and finally 11th and 12th grades at East Valley High School. There were many transitions for the students from Foothills at that time! Sandra has fond memories of the piano which was the basic part of the music at Foothills School. All of Sandra's seven siblings attended Foothills School except the last two, as at that time, students were bused into valley schools. I am very pleased the piano found a home where it will be loved and passed down to future Foothill generations.

COMMUNITY CENTER

During the first seven months of 2008, the Community Center has been rented out 17 times. The events include graduation and birthday celebrations; family parties, a couple neighborhood meetings, wedding showers and receptions, a piano recital, retreats, different group meetings and as a Vacation Bible School classroom.

To reserve a date for an event, call Sherrie at 927-8532 or itsherragain@aol.com

When life's problems seem overwhelming, it helps to look around and see what other people are coping with. You may consider yourself far more blessed than you imagined!

UNSURE OF WHICH CANDIDATE TO VOTE FOR????

Coming in October will be an evening at the Community Center with many candidates that will be on our local ballots in November (all local candidates will be invited). You will be able to hear what they have to say and there should be time for a question and answer period. The Candidate Forum is scheduled for October 9th at 7pm. Coffee and snacks are planned, hope to see you there! The Rural Association has had a busy year. Foothills Family Fun Festival, the most recent event, was a great success. About 300+ people enjoyed themselves in perfect weather with fine food, live music and many games for the children and even adults. If you couldn't make to this year's event be sure to plan to attend it next year. The annual Fun Run/Walk with a pancake breakfast is still a fun time for those who attend. I would like to see more of the Foothills residents join in this great event. People from outside the Foothills area almost always say this is one of their favorite running events due to the beauty of the course. Come join us next year and see for yourself what a great area we live in and how much fun it is talking with old neighbors and meeting new ones.

NEW PIANO

The FRA board discussed and approved the purchase of a new piano for the Community Center building. The piano is a Story and Clark, purchased from Dan the Piano Man. The model is a 2008 upright, with great tone quality and touch. It is a piano that will stay in good condition for many years. Accessories include a piano cover and a locking keyboard. With approval, the piano may be used when renting the Community Center.

PIANO RECITAL

The new piano met with much approval at the Student Spring Recital when Ashley Potter's students gave a professional recital.

Eight students performed whose ages range from six to eleven years. The piano pieces ranged from simple beginning compositions to more complex ones. One of the fun pieces was a sister's duet. The recital was well attended by family and many friends. Ashley has student openings, and offers flexible hours. For information call her at 994-8538.

QUILTS OF VALOR FOUNDATION

What is a Quilt of Valor? It is a wartime quilt made to honor our war wounded. It is a tangible way to say: "Thank you for your service, sacrifice and valor for our country." A Quilt of Valor is a beautifully made, pieced and quilted wartime quilt.

The mission of the QOV Foundation is to cover ALL war wounded and injured service members and veterans from the War on Terror whether physical or psychological wounds with Wartime quilts called Quilts of Valor (QOVs).

Everyone can participate in this program. There are four methods of involvement: 1) make a quilt top, no smaller than 50"X60", larger sizes up to a slightly smaller than twin size is welcome. It is very helpful to include backing and binding with quilt top. 2) Machine or hand quilt a QOV. Usually the quilter provides batting and thread. 3) Sew on binding 4) make pillowcase totes in which QOV are easily transported by the recipient. 5) Donate money or materials. For national info: <http://qovf.org>. For local info email Faye at rfkrenkel@ptera.net or 928-6610.

LOCAL LETTER CARRIER RETIRES

Curt Browning retired from the Foothills route on August 1, 2008. He began his career with the post office in 1978 when he left military service. He began as a sub driver for Glenn Cook, the previous RR2 letter carrier, a position that lasted for three years. Curt then worked full time for two years at the Rosewood station until Glenn retired in 1982 when Curt was awarded the route. Totally, both subbing and full time, Curt worked 28 years on our route! Not one to let grass grow under his feet, on August 4th he began school bus training, has completed the course and received a CDL. He begins driving on September 1st. Curt stated this will be a great next phase of his life as his wife works as an elementary school cafeteria manager and is not ready to retire. This new job will allow him time to be with children, time to work on his projects/interests and time to travel with his wife. Life is good for Curt Browning!

PIPER ROAD PAVING

Piper Road residents have taken advantage of Spokane County's scheduled road improvements with additional improvements of their own undertaking. The county increased the road width, improved ditching, culverts and driveway approaches followed by gravelling and compacting. The residents signed a contract with Spokane Rock Products to pave the road to a width of either 20 or 22 feet with a two inch depth, and one foot wide gravel shoulders. The paving project will begin soon after harvest. Cost of the road paving is financed by residents. Individual fees per resident are based on the number of accesses the land owner has (one access per one parcel of 10 acres or less). In July, the cost per access was stated as approximately \$2,500 per access. Final cost is determined by the contractor's actual expenses and the number of residents footing the bill. Each property owner has the option of refusing the improvement expenses. The participating people would then absorb the additional cost of the refusing ones. Everyone with Piper Road access was contacted either by phone or in person about the project prior to the contract signing.

WHAT IS A R.I.D?

By Faye Krenkel

While the Piper Road project was not a RID project, I thought there might be people like me who do not know what RID stands for. So I went to the Spokane County website and found the following information:

Forming a Road Improvement District (RID) allows property owners a way to upgrade their road while improving their neighborhood and increasing their property values. With limited funds to improve the road system, the county must focus its available resources on arterial roads that are the most heavily used. That leaves very little for making improvements to local neighborhood roads. However, under state law (RCW 36.88) a RID is a special benefit assessment district which allows property owners to cooperate with one another and with the county to finance road improvements in their neighborhood. RIDs are used for improvements which result in a benefit to the properties in the district.

RIDs can:

- Re-build or upgrade existing public roads.
- Finance new paving, curbs, gutters, storm drainage or sidewalks.
- Improve existing private roads, which must then be included in the county's public road system.

RIDs cannot:

- Be used to maintain (grade, gravel, oil or plow) existing roadways.
- Improve private roads that remain private.

To form a RID you need to:

- Gather neighborhood support for a road improvement.
- Submit the request and a letter of support from many of your neighbors.

The County will:

- Prepare a preliminary improvement concept, cost estimates and assessment methods.
- Hold an informational neighborhood meeting to discuss ideas with the owners.
- Schedule the public hearing and election to form the district.
- Coordinate all aspects of construction.
- Develop the final assessment roll, based upon actual project costs.

Any local resident, owner, or community group can start the RID process by requesting that a RID be formed in their area. An informal letter of support, signed by a majority of the owners, is required to start the process. Requests are considered on a "first come, first served" basis.

For more information on the process go to:

ADVERTISING

One of the great perks of being a member of the Foothills Rural Community is that FREE newsletter ad space is provided to FRA members. The primary goal of the newsletter is to provide information to our community about news and events in the Foothills area. Due to space limitations not all ads can appear in every issue therefore ads are rotated throughout the year so that advertising members will have their ad featured at least once a year, more often as ad space dictates. Every issue will list all business members under the FRA Member Business Listings.

MEMBERSHIP UPDATE

Membership participation at this point is less than previous years. Currently there are 127 members, down from 2007's number of 147. Thank you to all of you who have chosen to support your community association through paid membership in 2008! Check the address label to determine your current status, there should be "member 2008" on it. If that is missing, please take a moment now to either renew your membership or to join FRA. HAIRY WOODPECKER?

Why they call this woodpecker Hairy, I'm not sure, but I was able to capture a photo of him as he was working on a dead suet stuffed snag that we have on our deck. Hairy isn't the only one that likes this feed trough. We get Downy and Flicker Woodpeckers, Red-breasted, White-Breasted and Pygmy Nuthatches as well as miscellaneous other birds that eat the suet. You can put up a snag like this by finding a piece of driftwood and drilling starter holes or just use a 4x4 post with holes and stuff them with suet.
